Education

University Name : JMB College
Degree: Bachelor's in Arts
Graduation Date: May 2021

Profile

My name is Kanwal Heer, and I am a Full Stack Developer based in Karachi, Pakistan. I am currently enrolled in the GIAIC Governor Sindh initiative IT course. My journey in this field began approximately 1.5 years ago, and I have made significant progress since then, leading me to confidently identify as a Full Stack Developer. I am committed to continuous learning and improvement, and I am now looking to move towards AI technologies.

In terms of work experience, I completed a 3-month internship at pandda, and I am currently working at Precise Tech International company, where we focus on developing ERP products. This role has provided me with valuable insights and hands-on experience in real-world projects.

Work Experience

Company Name: Precise Tech
Job Title: Full Stack Developer
Start Date: 18 September
End Date: Present
Responsibilities:
As a Full Stack Developer at Precise Tech International company of canada, I collaborate closely with team on the development of ERP products. This role allows me to gain valuable experience working on real-world projects. Currently, I am involved in two Canadian projects with team: the Natural CALM product and another focused on Sowa tools. This position has provided me with opportunities to work on user interfaces, application integration, and much more. Overall, my experience at Precise Tech has been immensely rewarding, enhancing my knowledge and skills. I am grateful for the opportunity to grow professionally in such a dynamic environment.
